We Bring Wellness
Coway

Get rid of pollutants economically!

Coway Air Purifier

AP-1009CH / AP-0509DH

All Around Design Excellence!

The design was inspired by nature itself and kindles images and sensations of pristine air, tranquil surroundings and fresh ocean breezes.

Slim and Efficient

The innovative flow path design reduces the space around the fan allowing for a slimmer, more efficient, product.

Reddot Design Award Winner

The red dot design award is one of the three most respected and sought after acknowledgments of design superiority in the world.

Pollution Indicator (AP-1009CH only)

The color of the pollution indicator lamp provides immediately visible notice of the current air quality.

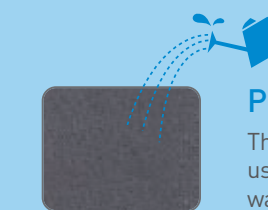

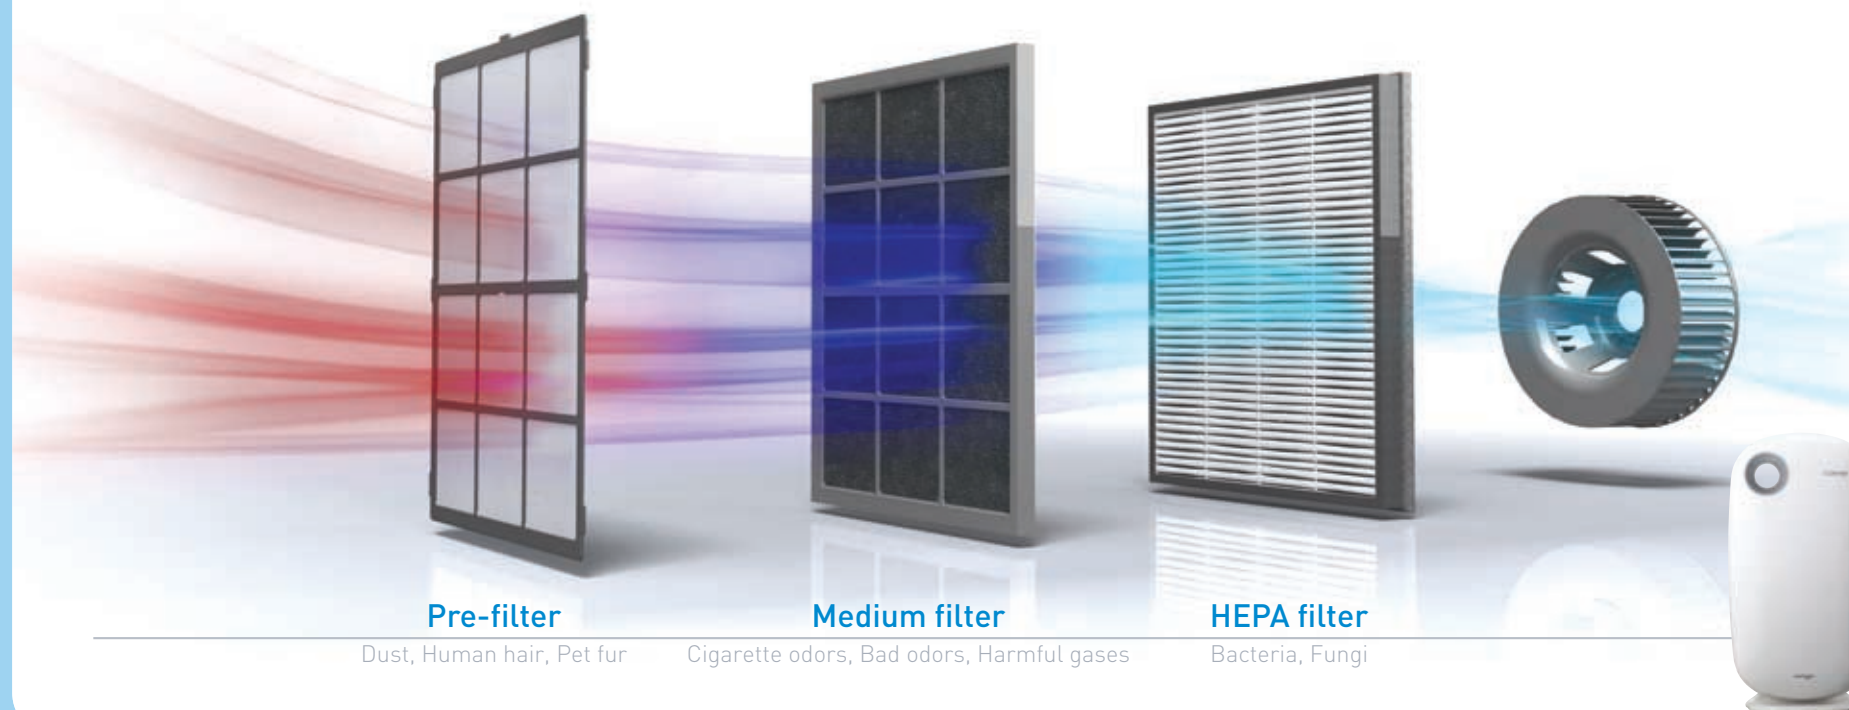

Two Model Choices

For smaller rooms up to 16m² choose the AP-0509DH.
For larger rooms up to 33m² choose the AP-1009CH.

Take Control of Air Pollution Yourself!

Keeping the air you breath is much easier with Coway's easy-to-clean filter system.

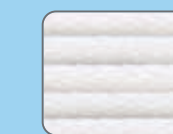

Pre-filter (Washable)

This filter catches large particles like hair, fur, and dust. Since it uses Coway's unique ultra fine yarn structure it can easily be washed anytime.

Medium Deodorization Filter (Reusable)

This mid filter traps smaller dust particles that clog HEPA filters. It can be easily cleaned with a vacuum.

Innovative HEPA filter (Reusable)

Coway specially designed this HEPA filter so it can be easily cleaned with a vacuum and reused.

Filter cleaning and replacement cycles.

Filter	cycles	method
UFY Pre-filter	Every 2~4 weeks	Cleaning
Medium Deodorization filter	Every 2~4 weeks	VacuumCleaning
	Every 12months	Replacement
Cleanable HEPA filter	Every 2~4 weeks	Vacuum Cleaning
	Every 36months	Replacement

※ Each service life is based on 24-hour use in Speed step1.

※ The recommended filter replacement cycles may differ depending on the operating environment

User-friendly Interface

Speed
One-touch air speed adjustment.
(AP-1009CH 4 levels, AP-0509DH 3 levels)

Mood (AP-1009CH only)
Mood lamp function and filter change indicator.

Auto Mode Selection (AP-1009CH only)
The airflow is automatically controlled according to the level of detected indoor air pollution.

Safe! Convenient! Economical!

The leading home wellness appliance maker, Coway, has advanced technology to make you life safer and more convenient all while saving you money.

Optimized Airflow

The innovative flow path design reduces the space around the fan allowing for a slimmer, more efficient, design and maximum airflow.

Silent Operation

Everyone, especially those particularly sensitive to sound and parents of sleeping infants, can appreciate the quiet, unobtrusive operation Coway noise control technology produces.

3-Way Inputs

The 3-way input structure maximizes air circulation and air purification efficiency.

Auto Shut Off

All operations automatically stop if the front cover is opened. The air intake/outlet is designed to ensure the user's safety and prevent accidents.

Dust Sensor

Air is constantly tested for the level of dust and operation adjusted accordingly.

Reset

After changing filters, press the button and the filter change timer indicator is reset to zero.
